

## Testimonials 2009 Myanmar

*"Hi Jim, since our return from Myanmar I've been meaning to let you know that the trip was 'amazing'. What a wonderful country for photographic opportunities. Every day was packed with experiences and we were very satisfied with the accommodation which we can be a bit fussy about! As with SE Asia, Karl gave 150% - he is such a good teacher and leader. The organisation was absolutely seamless which I realise is a result of some excellent pre-trip organisation. MM, our local guide was tops, and seemed to do far more for us than his job required. Altogether, my best third world country experience.*

*The standard of hotels was very good, exceeding our expectations. The whole experience surpassed my expectations including the number of photographic opportunities. It was seamlessly organized and everything was done to make it a superlative experience. We were given lots of inspiring help and advice which meant we brought home a number of photos we are very happy with. We were pleased that Karl encouraged us to bring a computer and I very much appreciated the opportunity for feedback at the evening sessions and to see the shots by the 'master'. Karl is an excellent leader and very patient teacher. Yes we will be recommending the trip to our friends. Best wishes to you and Karl"* Gail & Leonard Spira, Queensland, Australia

*"I really learned a lot-more than any other photo trip we have been on including National Geographic. Karl is a great and patient teacher. Karl was great and the local guide M was amazing. The two of them made a great team as M seamlessly handled all the logistics and Karl was free to attend and teach us – perfect combo."* Ed & Bernadette Sylvester, Nevada City, CA

*"I was very impressed with the whole trip. It exceeded my expectations. I have already recommended the trip. I enjoyed the photo ops, the Burmese people, the organization and pace of the trip, and the variety of the places visited. Karl was EXCELLENT! Karl was very attentive, very patient and instructive. He was very good on advice regarding subjects and photo techniques. When Karl leads a trip to Bhutan or either of you leads a trip to Cuba, put me at the top of the list. I am ready to go!"* Bob Mandich, Carlsbad, CA
